

Helana Nabil

Full-stack developer

Profile

As a passionate and versatile Full-Stack Developer, I have a solid foundation in both front-end and back-end technologies. With hands-on experience in creating dynamic and responsive web applications, I thrive in collaborative environments and am committed to building user-friendly, scalable, and maintainable software solutions.

Experience

FREELANCER FRONT-END DEVELOPER

Education

● FACULTY OF COMMERCE ENGLISH SECTION BENI SWIEF UNIVERSITY

2019-2022

Bachelor of accounting Overall grade: Good.

● Information Technology Institute (ITI) - Web Development Diploma

- Specialized in full-stack web development with hands-on training in front-end and back-end technologies.

Experience Highlights

MOVIE APPLICATION (REACT & BOOTSTRAP):

- Developed a feature-rich movie application with functionalities such as movie search, filtering, and watch list management.
- Integrated third-party APIs using AXIOS for data fetching.
- Utilized React components and Bootstrap for responsive and visually appealing UI.
